

## ACT Hill Climb Championship METHOD OF CALCULATING POINTS

### **At each club one lap hillclimb, points in the Championship are allocated as follows:**

- 1 Point For each completed run on the day, to a maximum of 5 points
- 5 Points For First in Class
- 3 Points For Second in Class
- 1 Point For Third in Class
- 1 Point For breaking an existing Class Record. This will be awarded to the new record holder at the end of the event. Only 1 point for breaking an existing class record can be awarded for each class at each one lap club event.

This means a maximum of 11 Points can be scored by a driver at a club one lap event.

### **All club one lap events count towards the Championship point score.**

### **Two lap events and State Rounds do not count to the Championship point score.**

If a driver enters to compete in two vehicles, Championship points and any records broken are **ONLY** given to the vehicle that the driver *nominates on the Entry Form* as the '*nominated*' vehicle.

In the event of tied points at the end of the year, both the ACT Hill Climb Champion and Class Champions will be determined by count back. The method of count back is:

- *If neither driver has broken a class record*, the driver who has the time closest (in percentage terms) to the existing class record for their car will be the champion.  
eg Driver 1 (Type 1/2 Class Over 3000) best time 49.87s, record 48.6s = 97.17%  
Driver 2 (Type 4 Class 0-1600) best time 48.27s, record 48.00s = 99.4%  
Driver 2 would be the winner.
- *If only one driver has broken a class record*, then that driver will be the Champion.
- *If both drivers have broken a class record*, then the driver who breaks the existing class record at the time by the largest amount (in percentage terms) will be the Champion.  
eg Driver 1 (Type 1/2 Class 3001+) best time 47.87s, record 48.46s = 101.23%  
Driver 2 (Type 4 Class 0-1600) best time 47.97s, record 48.00s = 100.06%  
Driver 1 would be the winner.

The *most recent class record* set by each driver will be used for this calculation.

Competitors are required to compete in a minimum of three events to win a Class Championship, as recorded in the final results for eligible events. In this context, '*compete*' means having completed at least one valid timed run in each event.
